This amendment hereby incorporates the following changes:

1. Attachment A "Performance Work Statement", Appendix B, paragraph 3 "Professional Requirements by Skill Sets" is hereby changed to add the following:

- l. Telecommunications Engineering Support. Telecommunications Engineering Support Tasks are activities to insure the correct, efficient and effective operation of data telecommunications equipment and systems within SNR. The Contractor shall perform technical support, configuration and troubleshooting support for Telecommunications Engineering Support. This support will include reliability analysis, design, expertise and contract review support.
- m. Drafting Support. The Contractor shall provide drafting services utilizing AutoCAD, freehand, and Leroy-type lettering.
- n. High Voltage Power System Engineering Support. The contractor shall perform technical planning, design, analysis, troubleshooting, project management support, and maintain engineering documentation. This support will include Construction Project Management, Protective Relay Systems, and High Voltage Systems.

2. Provision "ADDENDUM TO 52.212-1 INSTRUCTIONS TO OFFERORS--COMMERCIAL ITEMS (JUN 2008)", paragraph (m)(5) through paragraph (m)(8), the number of copies required is hereby changed from: "five (5)copies" to: one (1) original plus three(3) copies.

3. Provision "ADDENDUM TO 52.212-1 INSTRUCTIONS TO OFFERORS--COMMERCIAL ITEMS (JUN 2008)", paragraph (m)(9), second sentence, "Administrative Support Services" is hereby changed to read: "IT and Engineering Support Services".

4. Provision "52.212-2 EVALUATION--COMMERCIAL ITEMS (JAN 1999)", paragraph (a.1), first sentence, "Administrative Support Services" is hereby changed to read: "IT and Engineering Support Services".

5. Provision "52.222-46 EVALUATION OF COMPENSATION FOR PROFESSIONAL EMPLOYEES (FEB 1993)" is hereby incorporated and reads:

52.222-46 EVALUATION OF COMPENSATION FOR PROFESSIONAL EMPLOYEES (FEB 1993)

(a) Recompetition of service contracts may in some cases result in lowering the compensation (salaries and fringe benefits) paid or furnished professional employees. This lowering can be detrimental in obtaining the quality of professional services needed for adequate contract performance. It is therefore in the Government's best interest that professional employees, as defined in 29 CFR 541, be properly and fairly compensated. As part of their proposals, offerors will submit a total compensation plan setting forth salaries and fringe benefits proposed for the professional employees who will work under the contract. The Government will evaluate the plan to assure that it reflects a sound management approach and understanding of the contract requirements. This evaluation will include an assessment of the offeror's ability to provide uninterrupted high-quality work. The professional compensation proposed will be considered in terms of its impact upon recruiting and retention, its realism, and its consistency with a total plan

for compensation. Supporting information will include data, such as recognized national and regional compensation surveys and studies of professional, public and private organizations, used in establishing the total compensation structure.

(b) The compensation levels proposed should reflect a clear understanding of work to be performed and should indicate the capability of the proposed compensation structure to obtain and keep suitably qualified personnel to meet mission objectives. The salary rates or ranges must take into account differences in skills, the complexity of various disciplines, and professional job difficulty. Additionally, proposals envisioning compensation levels lower than those of predecessor contractors for the same work will be evaluated on the basis of maintaining program continuity, uninterrupted high-quality work, and availability of required competent professional service employees. Offerors are cautioned that lowered compensation for essentially the same professional work may indicate lack of sound management judgment and lack of understanding of the requirement.

(c) The Government is concerned with the quality and stability of the work force to be employed on this contract. Professional compensation that is unrealistically low or not in reasonable relationship to the various job categories, since it may impair the Contractor's ability to attract and retain competent professional service employees, may be viewed as evidence of failure to comprehend the complexity of the contract requirements.

(d) Failure to comply with these provisions may constitute sufficient cause to justify rejection of a proposal.

(End of Provision)

6. The “**Offer Due Date**”, box 8 of the SF 1449, is hereby by changed from: March 5, 2010 to:

4:00 PM Pacific Time on March 10, 2010

7. All other terms and conditions are unchanged.

*****END OF SECTION*****
